TABBERT

Home is not a place.
It's a feeling.

In a world that moves ever faster, where every moment is carefully staged, silence has become something precious. Calm is not the absence of experience, but the presence of depth. At TABBERT, we believe in the quiet of life's great moments. In those moving moments that require no explanation, because they speak perfectly for themselves.

Aesthetics as a way of life. Page 28

A moving story.

When master coachbuilder Alfred Tabbert presented his first caravan to the public in 1953, he struck a chord with an entire generation. The post-war economic boom brought elegance, chic and a new self-confidence, which TABBERT skilfully expressed in its exterior and interior designs. People wanted to – and could – afford to indulge themselves. “La Dolce Vita” captured the hearts of an entire nation. Europe wanted to travel and live life to the fullest. TABBERT created the products for this, which are reflected in a unique mix of materials, lifestyle interiors, high-quality workmanship and practical design solutions. And so it remains today.

1953

At the age of 45 caravanning pioneer Alfred Tabbert produced his first caravans with 120 employees. Only two years later the first »Ideal« caravan is produced in series.

1959

Alfred Tabbert founds TABBERT Wohnwagen GmbH. Now, for the first time, innovative, high-quality caravans are built at the Mottgers site.

1963

TABBERT caravans get the legendary rear-ventilated roof and the so-called »TABBERT nose« that still characterises the TABBERT style today.

1971

Until 1965 the product portfolio continuously increased up to 14 different models: »Kurfürst«, »Exzellenz«, »Comtesse« and »Gouverneur« capture the industry, so that Alfred Tabbert becomes top of the German manufacturers in 1971.

TABBERT and the quiet of life's great moments.

Indulge in the very finest, and make every moment entirely your own. Let materials move you before you even touch them. Not won over, but truly understood. On the move. Yet already at home. This is TABBERT Quiet Premium.

Premium is, above all, what you do not see. But what you feel. Those who seek luxury have not yet understood premium. A TABBERT is a place of retreat and comfort. A caravan that helps you leave the everyday behind — and reconnect with life.

THE BEST, REFINED THROUGH EXPERIENCE.

TABBERT is built for generations and made for the moment. It creates an environment in which you can face life without worry.

We rethink the details.

At TABBERT, technology serves as a source of comfort and reassurance. From lighting concepts that radiate warmth to technical refinements that make everyday life more effortless, premium is revealed in the details and felt in every moment.

We are Made in Germany.

Since 1953, our manufacturing site in Germany has been more than a production site — it has been the birthplace of a philosophy. Here, retreats are designed and crafted to bring harmony between the outside and the inside. From carefully selected materials that speak to the senses. By hands driven by passion.

We craft your retreat.

We create spaces of comfort and wellbeing. Every centimetre of the caravan interior is meticulously considered. Carefully selected materials lend the space a sense of calm, express true quality, and embody durability and refinement.

We protect what you love.

Safety is our top priority. We install state-of-the-art chassis technology and safety-relevant components that ensure maximum driving stability and directional stability. Even when standing still, well-thought-out systems offer a reassuring feeling of security.

We create calm.

The most beautiful sound in the world? Silence. We have refined the acoustics in every TABBERT to ensure you can truly relax undisturbed. A TABBERT roof not only protects against rain and hail, but also shields you from the drumming of raindrops. Thanks to its design, noise is reduced by up to nine decibels or more – the equivalent of sounding around one and a half times quieter. So even in the middle of a night-time downpour, your sleep remains uninterrupted.

Quality is rewarded!

TABBERT enters the new model year in outstanding style, once again staying true to its promise: proven quality and a fresh spirit of innovation.

We make every season yours.

The weather plays by its own rules. So does a TABBERT. With multilayer insulation and a design engineered entirely around comfort, a TABBERT creates an interior climate that makes a noticeable difference. In winter, the caravan warms up a third faster than conventional designs; in summer, it remains pleasantly cool. For unforgettable moments in every season.

PUCCINI

finest edition

Luxury at its finest. The special edition reveals its refinement throughout the interior and feels distinctly exceptional in both equipment and comfort.

PUCCINI FINEST EDITION 685 DF 2,5

The benchmark.
In every detail.

Step into premium comfort through the extra-wide entrance door with illuminated canopy. Barefoot, if you like — the underfloor heating beneath the slate-look flooring comes as standard. Take a seat in the elegant lounge dinette and enjoy the view through the panoramic window. All that remains to be done: savour the moment.

White high-gloss finishes, indirectly illuminated overhead lockers and drawers, together with the illuminated door canopy, shape the interior's visible refinement. The FINEST EDITION embroidery on the upholstery highlights its exclusive character down to the finest detail. PUCCINI FINEST EDITION 685 DF 2,5

The cleverly arranged ensemble with three-burner cooker and sink in front of an acrylic glass panelling in PUCCINI signature design is a real feast for the eyes. PUCCINI FINEST EDITION 685 DF 2,5

Refinement lies in the details.

White high-gloss finishes, finely balanced materials and carefully composed lighting accents shape the sleeping and bathroom areas with visibly refined elegance. The mirrored surface behind the bed reflects the light, heightening the sense of spaciousness. In the bathroom, LED elements in the expansive mirrored cabinet add a brilliance reminiscent of small diamonds. The result is an interior in which every detail expresses confident top-tier excellence.

The spacious bathroom combines refined design with a comfort shower and folding door, creating a sense of wellbeing at the highest level. PUCCINI FINEST EDITION 685 DF 2,5

The queen-size bed is comfortably accessible from all sides and offers ample storage in elegant form, with compartments in the headboard area, side cabinets and overhead lockers. PUCCINI FINEST EDITION 685 DF 2,5

Aesthetics in a new light.

The lighting concept creates an atmosphere of complete tranquillity. Gentle nuances accentuate the space with discreet elegance and highlight the handcrafted character of every surface. Whether as a focused reading spotlight, as delicate light accents in the bathroom or as an illuminated canopy above the entrance door, light becomes the element that makes exclusivity truly tangible.

VIVALDI

True class, newly composed.
A true TABBERT unites timeless
design with masterful craftsmanship
and innovative solutions.

Where comfort is a pleasure in itself.

Where clear lines meet carefully selected materials, an interior of distinctive quality is created. Its calm design language gives the space a modern presence, while intelligent solutions bring living and cooking together with effortless elegance. This is how aesthetics are made tangible and function becomes an experience that accompanies everyday life in style.

Open sightlines, clear design and finely crafted cabinetry in TABBERT quality define an interior of exceptional harmony. VIVALDI 550 E 2,3

The 157-litre compressor refrigerator with dual-sided door access can be reached from both inside and outside. The TV area is seamlessly integrated. VIVALDI 550 E 2,3

The hybrid hob combines two gas-on-glass burners with an induction hob, opening up a wide range of possibilities for modern cooking comfort. VIVALDI 550 E 2,3

The spacious seating area combines exceptional comfort with a carefully coordinated upholstery selection. VIVALDI 550 E 2,3

A clear design language creates a calming sense of ease.

Clean-lined design, carefully selected materials and finely balanced lighting give the sleeping and bathroom areas a gentle presence. The harmonious interplay of light accentuates the purist design and creates an atmosphere of restorative calm. Textile finishes add soft depth to the sleeping area, while the bathroom continues the reduced, modern design language with consistency. The result is an interior that brings aesthetics and regeneration into perfect harmony.

The single beds can be transformed into a spacious sleeping area with the slide-out bed function. Added sleeping comfort comes courtesy of the TABBERT comfort sleep system, featuring a flexible disc-spring base and a WaterGEL mattress. VIVALDI 550 E 2,3

The swivel bathroom combines clear, calm design with intelligent use of space, making room for a generously sized shower. VIVALDI 550 E 2,3

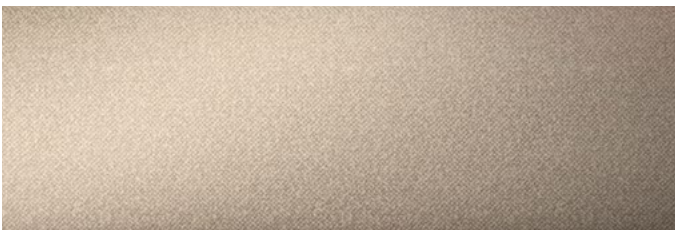

Cooking is a passion that delights the soul as much as the palate.

This passion now finds the space it deserves in the TABBERT kitchen as well. A hybrid hob with gas and induction, integrated beneath a sliding kitchen worktop, creates a clean, elegant look while keeping the work surface available even when cooking. The exceptionally sturdy sliding section offers a permanent place for frequently used items such as the coffee machine, while the fold-out element adds extra workspace. The sink remains ready for use at all times. Maximum versatility, expressed in a space-saving and stylish design.

CAZADORA

Aesthetics as a way of life.
Timeless design meets perfected
comfort. For those who seek clarity
and want to find warmth.

An atmosphere that makes you feel instantly at home.

Stepping into the CAZADORA, you are instantly welcomed by a feeling of coming home. Warm, dark wood tones and light accents come together in an inviting atmosphere. Ambient lighting perfects the impression, creating a distinctive sense of comfort from the very first moment. This subtle lighting gently draws the eye to the handcrafted wall panels, which form the perfect frame for personal memories. Photographs of treasured moments from past travels are given a place of honour here.

The comfortable, multifunctional seating area, with multi-layered LayerTec upholstery makes for a cosy lounge. CAZADORA 490 TD 2,3

Elegant and resistant: robust worktops with HPL coating, high-quality three-burner hob with a sturdy grille and a deep sink combine function and luxury. CAZADORA 490 TD 2,3

Easily accessible from outside and inside: practical storage solutions under the bed. CAZADORA 490 TD 2,3

Design that creates calm.

A sleeping area where thoughtful details and premium mattresses create the ideal setting for restful nights. Experience tangible comfort, deep sleep and the feeling of beginning each day with renewed energy. EvoPore HRC mattresses and a solid wood slatted base make it possible.

The bathroom is equally designed to bring together spaciousness and sophisticated design in perfect harmony. Refined shower concepts and premium hygiene solutions transform everyday routines into moments of effortless refreshment.

The luxurious EvoPore HRC mattresses are masterpieces of sleeping comfort, transforming every night into a restful dream time with their superior support and durability. CAZADORA 490 TD 2,3

Carefully positioned lighting modules and a range of surface finishes create an atmosphere of practical elegance, even in the bathroom. CAZADORA 490 TD 2,3

Accessories

A range of design highlights, optional packages and extras let you customise the CAZADORA to suit your personal needs – from standard features like the Trailer Control anti-skid system for enhanced driving safety and the backlit, customisable photo wall, to a wide selection of multimedia options.

- 1) Exclusive handcrafted wall panels in the signature TABBERT diamond design, complete with ambient lighting accents, are optionally available in place of the standard window above the dinette.
- 2) The beds are also optionally available with flexible disc spring slatted frames and WaterGEL mattresses.
- 3) An up to 24" SMART TV and LTE & Wi-Fi aerial keep you entertained while on holiday.

CONFIDENCE IN EVERY DETAIL.

TABBERT combines technical solutions with a clear goal: to make comfort, safety and a sense of security tangible on every journey.

TABBERT Roof

Built for generations, made for the moment. Instead of weather-sensitive wood, TABBERT relies on premium materials and a special construction method. The 48 and 58 mm high-strength GRP roof provides reliable protection against rain, snow and hail. Its construction ensures excellent thermal insulation, preserving comfort and wellbeing in every season.

TABBERT Nose

A distinctive feature since 1963: the unmistakable TABBERT nose. The distinctive roof projection combines defining design with functional benefits. Two openings direct air into the roof, enhancing the caravan's insulation, regulating the interior climate and reducing condensation.

Safety

Safety measures you do not see, but unmistakably feel: the ATC anti-snaking system, continuously monitoring every driving condition. Standard-fitted smoke alarms, silent guardians throughout. Safety locks that gently hold glass and porcelain securely in place. Window latches engineered for double security. So that what matters most remains protected: your peace of mind.

STYLISH COMPANIONS. FOR EVERY JOURNEY.

Take a moment to discover beautiful touches that make your next journey even more distinctive. The TABBERT lifestyle collection is available at shop.tabbert.com

Information on the product delivered, dimensions, mass and appearance, correspond to our understanding at the time of printing (07/2026). We reserve the right to make changes to fittings, technical data, series equipment and prices. Please make every effort to be fully informed about these matters by your authorised TABBERT dealer before making your purchase. After a contract has been concluded, we reserve the right to make technical changes within the framework of the construction insofar as they serve technical progress and are acceptable for the customer. Minor colour and texture deviations are also reserved – even after conclusion of the contract – insofar as these cannot be avoided due to the material structure (e.g. colour deviations of up to approx. 2.0 dE between paint on sheet metal and paint on GRP/plastic) and are reasonable for the customer. Some of the illustrations show equipment features that are not included in the standard equipment and that can be ordered for an additional charge (optional equipment) as well as some equipment features of prototypes/studies that do not correspond to the standard equipment and therefore cannot be ordered as optional equipment. Slight colour deviations of the illustrations in the brochure from the actual vehicle cannot be completely excluded for printing reasons. Therefore, before purchasing a vehicle, please seek comprehensive advice on the current status of the series from an authorised TABBERT dealer. The decoration shown in the catalogue is not part of the equipment supplied. Please also note the information in the current price list, in particular regarding weights, payload options and tolerances, which you can also find in our configurator at configurator.tabbert.com. Please note that the number of beds indicated may include beds for both adults and children. The specified bed dimensions do not reflect the actual mattress dimensions. Bed shape may vary depending on the layout. In some cases, structural elements may partially reduce the usable sleeping surface. We therefore recommend consulting your TABBERT dealer before making a purchase decision to discuss the dimensions of the sleeping areas in the vehicle and determine whether they are suitable for the intended occupancy (adults/children). Your TABBERT dealer will be happy to advise you. Reprinting, even in extracts, is only permitted with the prior written permission of Knaus Tabbert AG. We reserve the right to change content at our discretion. Concept & design: Fredmansky GmbH, www.fredmansky.at

Transparency notice – AI support: Parts of this catalogue content were created, revised or optimised with the support of artificial intelligence (AI) systems. All published content is reviewed by humans prior to publication.
